Note: Status should be either "E" for enrolled or "W" for withdrawn. **If a student has withdrawn, please indicate the withdrawal date.** Remember that the withdrawal date could affect the amount due if the person returns to EFM in the future, so prompt, accurate reporting is important. If a student's status is uncertain, now is the time to discuss the situation with him/her. Changes you have already reported to your registration specialist do not need to be listed.

Please ask each group member to make an individual response to the following questions. Then share the responses and prepare a group report based upon consensus that will fit in the space provided.

B. Group review: The intention of this review is to offer a way to:

- examine the purpose of EfM and your lives together as a group,
- celebrate the positives,
- provide information the Program can use to better format and distribute the electronic material

First, ask each group member to make an individual response to the following questions. Then share the responses and prepare **ONE group report based upon consensus that will fit** in the space provided.

1. Is anyone in your group using the electronic material? If so, please provide us with feedback on the usage of these files. (Also, anyone who would like to have the material for their Kindle, Nook, or any type e-reader can e-mail Debbie Shrum at dshrum@sewanee.edu.)

2. Without being modest, briefly describe the best thing about being in your EfM group.
