- When you have completed all time entry, you must click the **“Submit for Approval”** button for your time sheet to become available to your supervisor for approval. **Be careful about submitting hours before the Time Entry deadline for that pay period. Once your hours have been submitted, you cannot make changes. If there are changes, your approver can edit it or “return it for correction.”**

You can exit **without** submitting time for approval. This will leave the record with an “In Progress” status until the time you actually click the ‘Submit for Approval’ button.

- Once you click on ‘Submit for Approval’ you will then be asked to verify your PIN. You **MUST** re-enter your pin at this point and click ‘Submit’ or your supervisor will NOT receive your timesheet for approval.

*The University's 'Work rules' found in the Staff Handbook, in Appendix A, Section III 'Attendance Infractions', prohibits the falsification of time sheets. Falsification of time may result in appropriate disciplinary action.*

### Helpful Notes

- Time should be entered at the end of the day as both Time In and Time Out are required at the time of entry.
- Not all time needs to be entered at one time, but do **NOT** forget to click on the **Save** button.
- Enter both weeks before submitting for approval.
- Earning Codes available for data entry are Regular Pay, Sick Pay, Vacation Pay or Holiday Pay. Manual calculation of Overtime is **NOT** necessary as the system will total up hours for the pay period and overtime hours and overtime pay will be computed during the payroll calculation process initiated by HR. You will only see **“Total Hours”** on your time sheet, but will see the overtime on your check.
- When you are done entering time, **“SUBMIT FOR APPROVAL”** the timesheet, however once you do submit, you cannot go back and make changes. If something is wrong, please notify your supervisor.
- Entering Time Returned for Correction - If your time sheet has been returned to you by your approver for correction, you will see, on the Position Selection Page, that the position status will display **Return for Correction**.
  - a. Choose the position and pay period for which you will be correcting hours.
  - b. Click the link under the date and earn code where you need to make the correction. Follow the instructions for Entering, Submitting, and Certifying Time to complete.
  - c. These corrections must be made by the employee and approved by the approver **before** the Submit By date.
- On the bottom of the time sheet screen is a button for **“Comments”**. Click on that button in order to comment on hours that were worked or for other explanations, if necessary. Be sure to click **“Save”** so that the comments go with the timesheet when they are submitted to your approver.
- **“Preview”** shows both weeks on one screen and summarizes all of the information entered. This is a good page to print (in landscape mode) if you want a paper copy of the time sheet for your reference.
- **DO NOT** use the **Back** button or the **Refresh** button when in your time sheet.
- PLEASE open up your time sheet at the **BEGINNING** of the pay period. That way if you are out it can be completed and submitted by your approver.
